International Summit on

Industrial and Manufacturing Engineering

April 25 - 27, 2024 | Munich, Germany

About ISIME2024

Spectrum Conferences takes the pleasure to invite all the participants from all over the world to attend the International Summit on Industrial and Manufacturing Engineering, which will be held in Munich, Germany from April 25–27, 2024 and which will include keynote presentations, oral talks, poster presentations and exhibitions. ISIME2024 provides a platform for researchers to connect, exchange ideas and establish new collaborations.

Participants from all over the world are invited to attend and share the latest developments and cutting-edge technologies in the areas of Industrial and Manufacturing Engineering.

Apart from the technical sessions, attendees can indulge in the rich cultural experiences and local cuisine of Munich and its surrounding areas through guided tours of historic sites, cultural events and food tastings.

- Industrial Engineering and Management
- Ergonomics and Innovation
- Industrial Entrepreneurship
- Mechatronics
- Quality Engineering
- Automation & Robotics
- Lean Manufacturing
- Supply Chain Management
- Environmental Impact of Industrial Engineering

- Industrial Biotechnology
- Additive Manufacturing
- Advanced Bio Manufacturing
- Simulation of Systems/Virtual Prototyping
- Industrial and Chemical Machinery & Safety
- Dynamical Control and Intelligent Systems
- Advanced Digital Design
- Fluid Dynamics, Bio-Fuels & Fuel Cells
- Green Manufacturing
- Human-Machine Interaction
- Design & Systems

Conference Topics

- Engineering Informatics
- Tribology
- Wind Engineering and Industrial Aerodynamics
- Manufacturing Models, Planning and Scheduling
- Business Administraion
- Business Administraion
- Sustainable Manufacturing

- Robotics and Telecommunications
- Vibration, Noise Analysis and Control
- 3D Printing
- Laser Processing Technology
- Materials Management
- Machine Learning
- Industrial Economics

1. Meet worldwide Experts, Exchange ideas and network with leading researchers.
2. Learn and discuss quality initiatives, key news and challenges with senior level speakers.
3. Learn skills and stay up-to-date with presentations, panel discussions, roundtable discussions, and workshops, we cover every topic from top to bottom, from global macro issues to strategies to tactical issues.
4. Greater Focus, participants can gain direct access to a core audience of professionals and decision-makers and can increase visibility through branding and networking.
5. New Tips & Tactics you can learn beyond your field or interest.

Who Can Attend?

» Professors
» Associate Professors
» Assistant Professors

Munich is known for its rich history, stunning architecture, and cultural attractions. One of the most popular tourist destinations is the Marienplatz, a bustling square in the heart of the city that features the iconic Glockenspiel, a clock tower with mechanical figurines that perform twice daily.

Another must-see attraction is the Neuschwanstein Castle, a fairy-tale palace nestled in the Bavarian Alps that inspired the design of the Disney castle. Visitors can take a guided tour of the castle and learn about its history and the eccentric king who built it. The Pinakothek Museums are a must-visit destination.

The city is famous for its traditional Bavarian dishes such as Weisswurst, Schnitzel, and Brezen, and its numerous beer halls and gardens offer a lively and festive atmosphere to enjoy a cold pint.

We look forward to welcoming you to Germany for this inspiring congress in 2024!
